

CEE Corporation PMP® / CAPM® Exam Preparation Course Overview

PMP®/CAPM® Exam Preparation Course

Welcome to the PMP/CAPM Exam Preparation course from CEE Corporation. Once you have met PMI's® requirements put forth in the PMP®/CAPM® Credential Application, you are able to book your PMP®/CAPM® exam with Prometric. Now our PMP®/CAPM® Exam Preparation course will prepare you to successfully take the exam!

This immersion style, four-day bootcamp onsite course (\$1977 for each student, including class materials, simulations test server access,..) has been developed by some of the industries pre-eminent course design/developers. The course integrates in-depth topic reviews with structured personal study time, including individual assistance from your PMP® certified instructor. You'll thoroughly review exam "trouble spots," use highly effective drills to accelerate your learning, receive invaluable test taking tips, and take and review practice exams. Your class materials (provided) will consist of a print copy of the *PMBOK® Guide* (sixth Edition), a wall poster visual illustration, a comprehensive course workbook and a web based Exam Simulator.

The Workbook - 600 pages of 'Must Know' learning materials

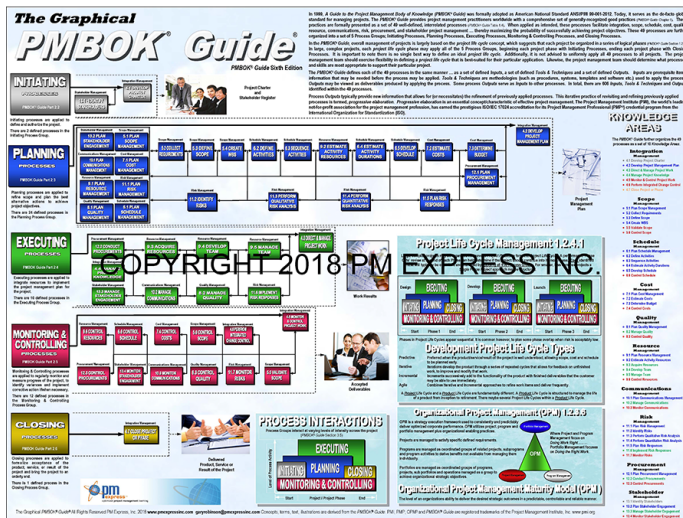

The PMP®/CAPM® Exam Preparation Workbook provides 600 pages of 'Must Know' learning materials, explaining both the concept and detail behind all formal processes that comprise modern project management. Each student receives their own Workbook to follow along with the facilitator viewgraphs during class, and to capture lecture/discussion notes. The Workbook also serves as valuable desk reference after the class.

- Information is presented in smaller, bite-sized portions - 51 Lessons in all.
- The learning material is presented in a real world task-oriented fashion.
- The learning material is presented in the logical sequence of an actual project life-cycle (what to do, when).
- Quiz questions are included at the end of each lesson (245 in all) to reinforce key concepts. Detailed answer discussions are provided.

The Wall Poster – The Graphical PMBOK® Guide

Each student receives their own 18" x 24" Graphical PMBOK® Guide wall poster to use as a reference during class and to serve as a handy visual reference in their work space for months/years after class. During class, we reference the Graphical *PMBOK® Guide* poster many times to provide a strong visual reference to the logical sequence in which project management processes are typically applied. Visual

Poster review exercises are incorporated throughout PMP®/CAPM® Exam Prep. This creates strong visual imagery to help promote effective recall on Exam day!

Your Practice Exam Simulator is a powerful tool!

This unique simulator provides an accurate simulation of the actual Exam. ‘Very Close to the Real Thing’ practice questions are written and presented in the same style as actual PMP® Exam questions the ratio of situational questions to straight forward questions is just like the actual PMP® Exam the proportion of categorized questions is identical to the actual PMP® Exam subject content is the same as the actual PMP® Exam

Practice and Track Progress

Each time a practice exam is completed, a comprehensive performance report is automatically generated, allowing focus on areas that need improvement. A complete answer explanation and reference is provided for each question. Performance is saved and tracked, allowing you to monitor progress. The Practice Exam simulator is user-friendly and intuitive. Installation and navigating is easy.
